AUTHORIZATION FOR EMERGENCY MEDICAL TREATMENT

If I cannot be reached to make arrangements for emergency medical care for my child at the time of an illness, accident, or injury I give my permission for Kid's Community College® to obtain whatever treatment may be deemed necessary for:

Child's Name: _____ Date of Birth: _____

When there is a medical emergency, or when a child needs immediate medical treatment, Kid's Community College® will take all reasonable steps to see that the children in their care receive adequate medical care. When appropriate, Kid's Community College® will call 911 and then contact the parent(s) or legal guardian(s).

If the parent(s) or legal guardian(s) cannot be reached, Kid's Community College® will call the designated Emergency Contacts previously listed, who are authorized by the parent to give permission for the medical treatment of the child.

If the parent(s), legal guardian(s), or the designated Emergency Contacts cannot be reached, Kid's Community College® will call the child's physician and/or arrange for immediate medical treatment. In the situation where the parent(s), legal guardian(s), or the designated Emergency Contacts cannot be reached, the parent(s) or legal guardian(s) authorizes the child's physician and/or medical facility to provide the appropriate medical treatment and/or transportation for the child.

I will accept responsibility for payment of medical services rendered.

I agree to promptly notify Kid's Community College® of any changes to my child's physician, dentist, hospital and designated Emergency Contacts.

DEVELOPMENTAL SCREENING

During your child's first few years of life, many important skills and abilities are established – skills that are key to success in school and later in life. At Kid's Community College®, we believe that it is very important to monitor the growth and development of children in our care so that we may properly assess each child and may call attention to any possible developmental delays. Early attention often means delays can be solved and children can "catch up" with their classmates.

Our campus professors have completed training in the observation and screening of young children and we have implemented a program of periodic screening for our students. We will occasionally observe your child's development and will record the results using a checklist designed for this specific purpose.

We welcome your involvement in the screening process and would be glad to explain our approach to you in detail. As a result of any developmental screening conducted, we will provide you with a summary of your child's progress and will suggest developmentally appropriate activities that you might do with your child. If the results of the screening suggest areas of possible concern, we will advise you on how to schedule a more detailed assessment for your child. All information about your child and your family is kept confidential. Please indicate below, if we have permission to periodically monitor your child's growth and development.

F. Discipline Procedures and Expulsion Policy

Children of new clients will be placed in care on a two-week trial basis. This allows both parties to get acquainted with each other and to see if any personality conflicts or disciplinary problems may arise. During this time, both parties have the opportunity to terminate the agreement and seek alternative arrangements.

The goal of discipline is to help children see the sense in acting a certain way. Of course, this is a time consuming task and it is important that we remain realistic in the expectation of the behavior of each child. His/her developmental age and stage must be taken into consideration.

At Kid's Community College® we encourage positive behavior in the following ways:

1. Allowing the child choices of activities, equipment and materials, giving them a feeling of control over their environment so that conflict with others can be avoided.
2. Guidance in developing language skills which will help them resolve conflicts with words and not with inappropriate behaviors such as biting, hitting or kicking.
3. Fostering good communication and developing confidence and good relationships with others by communicating at eye level, listening attentively, and making simple requests in positive ways.
4. Recognizing and re-enforcing positive behavior. Acknowledging children when they are behaving appropriately and immediately complimenting them. Praising good behavior is one of the most effective discipline methods used at Kid's Community College®.
5. Clearly defining and consistently maintaining limits in the classroom. Classroom rules are kept simple, clear and few in number to set limits that children can learn and depend on.

If a child is experiencing difficulty controlling their behavior:

1. Teacher may suggest or help the child become involved in another activity in which he can be successful. Redirecting the child helps them avoid negative situations in which they may be rejected or frustrated, which may prevent escalation of the problem.
2. If a problem still exists, the child will be removed from the play area and given time away from the group for self-quieting to regain control. Self-quieting teaches internal control and self-responsibility. It is taking a break in order to work through emotions or find alternative solutions to a problem. The child determines the time limit for this personal time. He/she may return to the group when he/she is ready.

If continued unacceptable behavior occurs:

1. Within one week, the parent will be scheduled for a conference to create a Behavior Intervention Plan and to discuss possible solutions.

"Dedicated to the well-being and educational success of every child."

FEATURING **FULL DAY · HALF DAY · PART-TIME and AFTER SCHOOL PROGRAMS**

2. Ongoing documentation, "journaling", will begin, which will describe detailed daily behavior within the classroom. Journaling will continue for a period of no more than two weeks.
3. If necessary, *Care Options* through Hillsborough County's Interagency Referral Program will be asked to become involved. (Please see brochure for complete services.) This referral must be complete within a 3 week period.
4. If necessary, a developmental screening through *FDLRS* (Florida Diagnostic and Learning Resources System) will be recommended. (Please see brochure for complete services.)

While it is our desire to work through behavior related issues in the manner described above, **AGGRESSIVE PHYSICAL BEHAVIOR WILL NOT BE TOLERATED.** Any physical abuse against an employee, striking another w/ a foreign object, choking, kicking and biting are all considerations for immediate dismissal. **Parents will be held responsible for any destruction to school property.**

A written record of incidents affecting the program including unacceptable behavior, accidents, injuries to or minor illnesses of children will be kept on file using the Accident/Incident Form approved by Hillsborough County Child Care Licensing. The parent of the child involved in the incident or accident will be notified of such incident on the date of the occurrence and will be required to sign the record verifying such notification. The completed form will be retained by Kid's Community College®.

Spanking or any other form of physical punishment is strictly prohibited. Discipline shall not be associated with food, rest or toileting. Children shall not be subjected to discipline that is severe, humiliating or frightening. These methods are considered child abuse.

Kid's Community College® is intended to be a safe and enjoyable learning environment for students, professors and extended staff. It is with mutual respect and ownership that we address issues of unacceptable behaviors, which requires complete support from everyone involved. Parents, teachers and administration are expected to respond quickly and positively to any issues of disruptive behavior so that we can effectively plan and address those issues that affect our students and offer a positive remedy.

Character Lessons – Teaching Social Responsibility

Each year the student families and staff of Kid's Community College® participate in a number of community outreach activities that speak to the heart and soul of our organization and reach out to the communities we serve.

Rotary's Camp Florida – A drive is held to collect and deliver stuffed teddy bears to Camp Rotary, an 18-acre non-profit campground for children with medical, physical, mental and emotional illnesses and challenges. This service was previously provided by the Hillsborough County Sheriff's Department, but was discontinued. Upon learning of the need, Kid's Community College® staff, students and families stepped up to continue this effort so that upon arrival, all Camp Rotary children would be greeted by a special comforting friend waiting on their pillow.

The holiday season can be anything but joyous for the thousands of families that live in poverty or are affected by family crisis that removes one or both parents from the home. Each year the Kid's Community College® family selects at least 20 less fortunate families to provide gifts, clothing and other necessities during this time of giving.

Metropolitan Ministries faithfully reaches out to poor, hungry and homeless men, women and children in their time of need — providing life-changing answers. Kid's Community College® answers the call of need by participating in annual food drives to provide for these families.

**St. Jude
Trike-A-Thon**

The St. Jude's Trike-A-Thon is a special program developed for early childhood educators and centers to teach children bike riding safety tips while helping to continue St.

Jude's efforts of eradicating childhood catastrophic diseases. During the Week of the Young Child, Kid's Community College® has a week-long activity involving young children, their parents and teachers. The week concludes with a fun-filled event where the participants bring their riding toys from home and show off the skills they have learned. In addition to learning how to stay safe, the children also learn about helping others through gaining sponsorships from friends and family for St. Jude. Kid's Community College® has contributed more than \$5,000 to help in this vital cause.

Home. School. Community. Year round, Kid's Community College® remains socially active in the communities it serves. Kid's Community College® engages its communities by assuming an active leadership role in demonstrating the importance of high-quality early education and giving back to the communities in which we live.
